Welcome to AE Publications Ltd

“Every topic is covered comprehensively and the material is really well suited, I would say the best.”

Key Subjects

All our workbooks and textbooks are developed and classroom tested to provide an excellent teaching resource. They are designed to enable you to help your child through each subject's foundational building blocks, teaching them in a more traditional way. Using step-by-step methods your child's performance in **Maths, English, Verbal Activity** and **Non-verbal Reasoning** will measurably improve.

Our workbooks are colour-coded and easy to follow for home tutoring.
